Foster Pug of the Month Dozer

Photo by CrazyDog Photography

Hi

I'm Dozer and am really honored to be the Foster Pug of the Month. I'm 9 years old and have been told I am a super cute black pug. I am special needs, I was under a table when a large man fell on it. You think I look bad, you should see the table! Anyway, that was two years ago and I never received any vet care for my injuries.

The Colorado Pug Rescue is changing my life. I am getting my own custom wheelchair and a shot at a new forever home. There is more info about me on the <u>website</u>. You should check me and my furry friends out!

I sure hope this Foster Pug of the Month gig gets me a nice parking spot for my new wheels!

Take Care, Dozer
